Dear Hal—

Dug assembled some background on the call from grace of Bill Cooper. You will recall or a year ago.

Talked to Lars Hansson about three weeks ago when "Bo" Critz came to talk to a meeting in Cottonwood (about 20 west of here). Lars told me of the TV program both you and he were on. He expressed chagrin that the portion aired quoting him seemed to reverse his position. He was anxious that you be aware of this and that he, in reality, was not in opposition to you.

Not having seen the program, I don't know firsthand what this reversal is all about.

Hope your mall walking is having the desired results.

Best wishes,

Ed DeMar
